Greetings from Gail

Let's talk about the future - we all strive and hope to have a good one. 2016 has been a challenging year for investments and we applaud you for offering a pension plan that provides steady, regular contributions that will help you and your employees build a better, more financially secure future.

Would an SPP refresher help you? I would be happy to come to your business to talk about the Plan. I can answer questions from your staff about their membership with SPP, transferring from an existing RRSP or setting up SPP for their spouse or adult children. There is no greater way to show your employees you care about them and their loved ones than offering great information sessions that could truly change their lives. I look forward to hearing from you to discuss options that will work for your business.

Wishing you a peaceful and thankful holiday. Thank you again for your trust in SPP - Gail ❖

30th anniversary event

This event is for SPP members to come and enjoy cake and camaraderie with Derek Foster, Canada's Youngest Retiree. Derek wrote a chapter about SPP in his book [The Worried Boomer!](#) The party is to celebrate the many members who have trusted SPP and who look forward to a better financial future because of their plan. One lucky attendee will win a \$300 Uniglobe Travel gift certificate (must be in attendance at time of draw to win).

It's a party you won't want to miss! Please sign up on saskpension.com **soon as seats are very limited.** ❖

\$10 Tim Card® for new members

Sign up your new employees and make a contribution — they will receive a gift from SPP - a \$10 Tim Card®. If you have new employees that have not signed up, they are truly joining at a great time. Just like Tim Hortons, SPP is available to everyone in Canada! ❖

Tim Hortons is not a sponsor of this promotion and does not endorse it in any way. For full terms and conditions of the gift card, please visit www.timhortons.com. Tim Hortons® and Tim Card® are registered trademarks of Tim Hortons.

Wealth Calculator

Do you need a cool tool? SPP has just the thing.

Our wealth calculator shows the many options for saving and potentially how much you could have for retirement. It's a great resource for teaching the magic of compound interest. ❖
