

For release: June 1, 2021

## **Saskatchewan Pension Plan appoints new Executive Director**

The Saskatchewan Pension Plan (SPP) Board of Trustees is pleased to announce the appointment of Shannan Corey as Executive Director of the Plan effective June 1, 2021.

Coming to us with 30 years' experience, Shannan spent many years in the actuarial pension industry managing complex pension challenges for a broad range of clients, accumulating deep expertise working with legislation and pension administration operational needs. After obtaining her professional HR designation, she enhanced her experience over the last 10 years through broader consulting and private industry sector roles. This enabled her to pursue her passion of providing innovative and relevant services to members by taking on key roles with other pension-focused member service organizations in Saskatchewan.

Shannan's formal training includes a Bachelor of Science Degree in Mathematics from the University of Saskatchewan, and Associate Actuary and CPHR designations.

This appointment is as a result of the retirement of Katherine Strutt on July 31, 2021. Ms. Strutt led the organization for more than 30 years, guiding the Plan through several eras of change and enhancement.

The Board looks forward to continued success of the Plan under Ms. Corey's leadership and thanks Ms. Strutt for her service and dedication to SPP.

SPP is a voluntary defined contribution pension plan established by the Government of Saskatchewan. It offers an alternative for small businesses that do not offer their own pension plans, provides cost-effective professional investment management of retirement savings, and allows employees full portability of pension savings between employers.
